Focus on Your Business: Grow and Protect Your Investment

Kontron can help you to build and support more successful product lifecycles.

Our service and support portfolio is designed to extend the benefits of our industry-specific knowledge with our global power – enabling you to break the barriers of traditional product lifecycles.

Extended Warranty

Kontron offers its world-class extended warranty programs so your technology investments are protected. Assuring after-market support that saves time and costs.

Kontron has your product covered with comprehensive plans. Globally available, simply call your local geographic office for product concerns and warranty claims.

Benefits of comprehensive coverage:

- › Worry-free service: from highly-skilled engineers
- › Manage costs: additional coverage for 1, 2 or more years at affordable rates

Enhanced Repair Services

Kontron offers new services designed to help you minimize downtime, ensuring financial success for your company. Unexpected equipment failure can cause major disruption to your business. Kontron is the ideal choice as your business partner to protect your investment and enable reliable long-term deployment.

Advanced replacement and hot swap benefits:

- › Minimizes downtime
- › Kontron-managed inventory logistics
- › Simplified return process
- › 1, 2 and 3 year purchase options

Expedited repair service benefits:

- › Up to 72-hour turnaround
- › Minimizes downtime
- › Kontron expertise for peace of mind

Professional Services

From design, integration and customization to testing, prototyping and after-market technical support, Kontron has you expertly supported. With Kontron as your trusted advisor and partner, you are free to focus on what you do best while opening boundless opportunities to increase the overall value of your application.

Support Options:

- › Board Bring-Up
- › Software
- › Complete Testing
- › Dedicated On-Site
- › Training
- › Design-In
- › Prototype
- › Customization
- › Application Verification
- › Customer Product Specifications

Full Range of Support

Tap into Kontron's proven expertise in development, sustaining engineering and lifecycle management.

Testing Speed

Your time to market with our comprehensive testing support.

Software Management

Stay focused on the core development and simplify software management.

Kontron Academy Training

On-site or online training services enable your team to reach their full potential.

Global Intelligence, Personal Attention

Kontron has global tech hubs in North America, Europe and Asia. A global presence also allows us to provide same time-zone technical support, decrease lead times and provide in person services while completing all repairs in-house through our team of highly skilled technical specialists.

Offered in a tiered approach and packaged for simplicity, Kontron's extended support services allow customers to select the right service level for their specific needs based on projected response times and support for critical and major issues. No other service provider can deliver Kontron's extensive capabilities.

About Kontron

Kontron AG (www.kontron.com, ISIN AT0000A0E9W5, WKN A0X9EJ, KTN) is a leading IoT technology company. For more than 20 years, Kontron has been helping companies from a wide range of industries achieve their business goals with intelligent solutions. From automated industrial processes, smarter and safer transport to advanced communication, connectivity, medical and energy solutions, the company provides its customers with value-adding technologies.

With the acquisition of Katek SE at the beginning of 2024, Kontron significantly strengthens its portfolio with the new GreenTec division in the areas of solar energy and eMobility and employs around 7,000 people in more than 20 countries worldwide. Kontron is listed on the SDAX® and TecDAX® of Deutsche Börse.
